STATE HOUSE GOSSIP

Fully one-half of the senators and representatives went to Portland this afternoon to dine with H. W. Corbett at the Hotel Portland tonight.

Representatives Rinearson, Barkley and Hofer went to Barlow this afternoon where they will, tonight, address a mass meeting of Clackamas and Marion county people.

Prof. Condon, of the State University, was, on Friday, invited to address the legislature on the subject of a state mining bureau and state geological survey. He did so in a very able manner and received a hearty vote of thanks. Mr. Condon is a gentleman who has devoted his life to scient fic research in these fields, so rich in undewealth. His addresss was marked by scholarly ability and was full of valu and melancholy results foreshadowed able information. Prof. Condon is a man who speaks with great feeling and earnestness of conviction. The people of Oregon, but in the present depressed state of affairs a proposal for creating a new department of our state government will not be as likely to receive liberal support as it would otherwise. Rut it does seem as though our yast unexplored mineral wealth, and in justice to our mining interests there should be created a state mining bureau to collect and publish reliable information about our mines, pottery clays, natural paints, building material, etc. Prof. Condon has helped this matter very much.
